**Join us at Waterpower Week - April 1st, 2019
For the 1st Annual Hydro Pep Rally benefiting hydropower!
At babywale - Washington, D.C. - 7:00pm-12:00am**

The Hydro Research Foundation is a nonprofit, nonpartisan organization dedicating to advancing the contributions of hydropower to United States' electricity supplies. We believe that by increasing supplies of clean, affordable energy from "the power of water," many people will realize important benefits. Founded in 1994 (as the Hydro Research Foundation), the Foundation is going to be renamed in 2018 to embrace the broadened scope of its focus and activities. The Foundation is chartered in the US as a tax-exempt 501(c)3 organization.

Our Mission: "Advancing hydropower to provide clean, affordable electricity for the future.

Our Vision: "Supporting the hydropower community by directing talent and resources to hydropower's most promising opportunities and most pressing challenges.

Our future depends on all of us!

If you believe in expanding hydropower's place in this world,
Hydropower Foundation is the vehicle to support this value.
